

**Government of Sierra Leone
Ministry of Environment and Climate Change**

To: Who it may concern

6th January 2026

Dear Sir/Madam,

Attestation Letter

This is to confirm that Partners in Rural Integration and Development Organization Sierra Leone (PRIDO-SL) is registered and known to be a Local Nongovernmental Organization that has been actively engaged in community work focused on climate solutions, environmental education, and tree planting activities in the rural areas of the Bombali district, Northern Region of Sierra Leone.

Their efforts have contributed significantly to raising awareness on climate change impacts and promoting sustainable environmental practices among local communities.

Notably, PRIDO has been working in collaboration with the Ministry of Environment and Climate Change since 2022 to implement environmental initiatives. We acknowledge their dedication to environmental conservation and appreciate their commitment to community development.

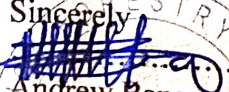

We highly recommend PRIDO to any partnership collaboration with your organization and resources mobilization for support in implementing community environmental services, promoting Agroforestry practices, and climate change mitigation strategies. Their work enhances sustainable land management practices and empowers local communities to take ownership of their environment.

We believe that supporting PRIDO will contribute significantly to the country's efforts to address climate change and promote sustainable development.

Should you need any further information on this matter, please feel free to reach out to me via the email and mobile contacts provided herein.

Thanks, in anticipation of your usual cooperation

Sincerely,

Andrew Bangura
District Forest Officer
Bombali District
